CSC 223, Spring 2020, Midterm

Due: 4:00pm, Sunday, March 29, 2020

Get the exam code

These instructions assume that your course git repository is set up. Change into your course repository directory and enter the following commands.

```
git fetch assignments
git checkout assignments/master -- midterm
git commit -a
```

Description

Complete the questions in the Jupyter Notebook file named `midterm.ipynb`.

Submit the exam

To turn in the exam execute the following git commands:

```
git commit -a
git push origin master
```

Make sure that you save the Jupyter Notebook before submitting.
